

# Harness *the* TRUE POTENTIAL *of your* Supply Chain

At Armada, we work hand-in-hand with industry-leading clients, including McDonald's, to implement innovative supply chain solutions that reduce costs, maximize efficiencies and enhance service levels and reliability.

Through Leveraged Execution Providers (LXP) and Hub One Logistics, our specialized subsidiaries, we use advanced freight management strategies, comprehensive supply chain engineering design and progressive redistribution programs to chart a smooth course to supply chain optimization.
